UNIVERSITY of FLORIDA

April 20-22, 2023

AI4Health: Improving Health through Artificial Intelligence

The University of Florida is making artificial intelligence the centerpiece of a major, long-term initiative that is combining world-class research infrastructure, cutting-edge research, and a transformational approach to curriculum. Join us for the University of Florida's first conference focusing on the latest updates, technology, and research in artificial intelligence in medicine.

Session Topics Include:

- How AI Will Change the Future of Medicine
- How to Build AI-Enabled Healthcare
- Developing a Clinical Operations Unit for Clinical Operations and QI
- AI in Perioperative Medicine
- Implementing AI in Radiology
- AI for Cancer Diagnosis and Treatment
- *And More!*
